~~Big Bang~~ "The Beginning"

A cosmic background image featuring a dense field of stars of various colors (blue, white, yellow) against a dark blue and black sky. In the foreground, there are large, billowing clouds of interstellar dust and gas in shades of orange, red, and brown, creating a textured, nebula-like appearance. The text is overlaid on this background.

A map of the Cosmic Microwave Background (CMB) showing temperature fluctuations across the sky. The map is an oval shape filled with a dense, noisy pattern of blue and orange dots. The blue dots represent slightly cooler regions, while the orange dots represent slightly warmer regions. The overall distribution is uniform but shows small-scale variations.
